K&S Corporation Limited Earnings Update

On 26 November 2019, K&S Corporation Limited (ASX: KSC) advised that, based on currently available information, it anticipated underlying net profit before tax for the first half of FY20 would be in line with the first half of FY19. While the review of K&S Corporation's statutory accounts is not yet complete, K&S Corporation now anticipates that underlying profit before tax for the first half of FY20 will be approximately 25% up on the prior comparative period.

The underlying improvement is a result of stronger than previously expected trading across a number of market segments including intermodal, specialist and contract logistics.

K&S Corporation expects to announce its statutory results for the six months ended 31 December 2019 on 26 February 2020.
