

ANZAC DAY MESSAGE & COVID-19 UPDATE
24th April 2020

All,

I take this opportunity on behalf of our company and employees to recognise Anzac Day and remember and pay honour to our Armed Forces and the sacrifices they have made throughout our history.

Unfortunately, there will be, due to the COVID-19 restrictions, changes to our traditional marches and visits to community events to celebrate this day. Whilst COVID-19 has affected and disrupted our lives in many ways, it is pleasing to see as a country and locally as communities how we have become unified in the true Australian spirit to fight this pandemic.

Whether we are able to publicly celebrate ANZAC day or participate at home, we will not forget its true meaning;

*They shall grow not old, as we that are left grow old:
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them*

Regarding COVID-19 I am pleased to again advise that so far we have had nil confirmed cases within our company.

As a unified group we continue to be successful in our risk reduction strategies of diligent hygiene, social distancing and self-isolation processes. It is vitally important as an organisation, and community members, that we continue to practice these strategies at all times and ensure that we do not become complacent.

Whilst national COVID-19 indicators reflect a positive decline in case numbers, and there are currently discussions related to relaxing some State or Federal Government restrictions, it appears the general approach will remain to be cautious to ensure protection from a potential second wave of infection.

We have experienced some reduced customer demand in specific segments across our company. We will continue to proactively engage and consult with employees affected by this temporary decline, and I again thank everyone involved in helping with this process. We are optimistic that the changes we are making will be temporary and we will return to normal activity levels as soon as possible.

As we move forward, I again thank you for your co-operation, support and dedication to your roles that has enabled us to provide ongoing service to our customers during this exceptional and challenging time.

Please continue to look after yourself, and your families health and wellbeing.

Yours Sincerely,

Paul Sarant
Managing Director / CEO
K&S Corporation Ltd

What does lockdown look like in your city?

Social distancing in Port of Tauranga, New Zealand's isn't an issue in Level 4 Lockdown.

Normally there would be 20,000 tonne plus of logs stacked up across the wharf with ships back to back
